La Manga Club – Information Guide

Welcome to La Manga Club, Europe's premier sports and leisure resort. This information guide will ensure that you get the most out of your stay at La Manga Club, whether you are here for the fantastic sports facilities, to relax and soak up the sun at one of the many pools or at the private beach, to sample the varied restaurants and nightlife the Club has to offer or to explore the surrounding area. There is something for the whole family to enjoy at La Manga Club.

The Murcia Region

Flanked by the provinces of Valencia and Alicante to the north and Almeria and Granada to the south west, this region is one of Spain's best-kept secrets.

For the most part, its attractions remain undiscovered to foreign visitors - with the notable exception of **La Manga Club**, one of Europe's premier leisure playgrounds, famous throughout Europe and beyond for its outstanding luxury holiday accommodation and sporting facilities.

The Mar Menor, Europe's largest salt water lagoon, boasts over 170 square kilometres of shallow sparkling water which is surrounded by the districts of San Pedro del Pinatar, San Javier, Los Alcazares and Cartagena. The lagoon is divided from the open Mediterranean by a long narrow peninsula, which has blossomed into the lively resort area of La Manga del Mar Menor, a favourite destination for Spanish holidaymakers during high season.

Places of Interest

The best way to explore the region is by hire car giving you the freedom to come and go as you please. A 10 minute drive along the coast from La Manga Club will take you into the quaint fishing village of **Cabo de Palos** where you can sample some exquisite seafood in the many traditional restaurants along the sea front. Drive through the village and take a look around the bays below the lighthouse that towers over the peninsula of La Manga Beach.

No holiday here would be complete without a visit to the two historic cathedral cities of Murcia and Cartagena. The regional capital, **Murcia**, is a lively cathedral and university city surrounded by orchards. It is home to several fine museums, including the Archaeological Museum, the Museum of Fine Arts and the Cathedral Museum. The Cathedral itself is an example of Gothic and Baroque architecture, containing wonderful reliefs and altarpieces. Visit on Thursdays and you can also enjoy the colourful weekly market.

The region's second city is the fascinating port of **Cartagena**, a treasure-house of art and culture with a history stretching back over 3000 years. Surrounded by fortifications, it contains a number of fine churches, a museum appropriately dedicated to Marine Archaeology, an abundance of traditional restaurants and Tapas bars and is a great venue for a spot of shopping, especially for fashion and jewellery.

During your stay, you may be lucky enough to witness a carnival or fiesta, complete with traditional folk dancers, for as with everywhere in Spain there are numerous Saints' days and celebrations. As you travel around, you'll discover many smaller settlements, such as historic Lorca with its 10th-century fortress, or the old spa town of Los Alcazares on the Mar Menor, whose waters, rich in salt and iodine, are said to have therapeutic qualities. You'll come across roadside ceramics and craft workshops, and numerous bodegas in the towns along the way so venture forth and enjoy all the Murcia region has to offer, night and day.

Activities at La Manga Club

Golf

La Manga Club is without doubt any golfer's dream destination with three differing 18 hole courses and facilities that equal some of the finest golf resorts in the world. Tee times can be pre-booked.

The championship North and South courses, pars 71 and 72 respectively, sprawl between palm trees, lakes and barrancas with both 18th greens finishing beside the hotel. The South course is arguably the more difficult due to its extra length and requires a handicap certificate to play. The now well established West course with its stunning views, lush scenery and winding fairways offers golfers the ideal alternative to the ever-popular championship North and South courses. Additionally, there's the immaculate Par 47 pitch and putt course for that quick round after tea.

Next to the golf clubhouse is the golf academy with computer assisted video technology to help the professionals analyse your swing. There is a 5-day course with 3 hours tuition each morning suitable for beginners and improvers. Professionals are also available for individual lessons.

There is an 80-bay floodlit driving range, a practice bunker and practice putting greens.

Soft spikes are mandatory on all courses. Spikes can be changed for a small fee at the golf clubhouse. Gentlemen must wear a shirt with collar and socks, and either trousers or Bermuda shorts. Women may wear shorts, skirt or trousers with a blouse or polo shirt. No denims are allowed. Visit or call the Golf Administration office (00 34 968 175000 ext 8081) in the clubhouse to:

- reserve tee times (essential)
- collect score cards
- register for competitions
- reserve golf academy or lessons
- hire buggies, trolleys, clubs, shoes, lockers and practice balls
- change spikes to soft spikes
- buy top brand golf equipment and clothes in the pro-shop

To book tee times up to 12 months in advance you can send an email to golf@lamangaclub.com or send a fax to 0034 968 175058 or visit www.golf.lamangaclub.com. Remember to mention number of players, dates, times and which course(s) you wish to play.

Competitions are held every Monday (4 ball better ball), Wednesday (individual medal) and Friday (individual stableford). To book times for these competitions send an email to golf@lamangaclub.com with names of players, handicaps, dates of competition you wish to enter, and a credit card number to pay the entry fee of €3 per person per competition. The draw for the competitions is done on the day before the competition. You can check tee-off times at Golf Administration, at the Hotel reception or on the information channel on the Club TV.

Tennis

There are 28 top class courts in the centre of the resort for the tennis enthusiasts, including a floodlit Centre Court with seating for up to 1,200 people. Regular tournaments are held throughout the year and there is a very popular coaching course for the children. The tennis academy has the latest computer assisted video analysis in its air-conditioned room. There is a brand new clubhouse offering pre and post match refreshments and a wonderful healthy breakfast option (with or without Buck's Fizz). Players of all ages and levels can be accommodated. The aquaerobic classes take place here, bookable at the tennis centre reception.

Water Sports

The sheltered waters of the Mar Menor are ideal for jet skiing, windsurfing, water skiing and all sorts of water sports. There are a lot of centres along the coast offering both tuition and hire.

Children

Children are welcome at all restaurants and most bars on the resort, although there may be some time restrictions. These are clearly marked on notice boards at the entrances. Most restaurants have a special kids' menu and high chairs will be available on request.

There is an activity club the 'Mini Club Fiesta' next to the pool by the tennis centre for children aged 2 to 12, although experience suggests it is more suitable for the younger children. It is open from 0930 to 1830 and provides a safe environment for the children to play in. They can be contacted on 0034 968 175000 ext 8092.

Babysitting can be arranged - please enquire.
